EDITORIAL BRIEFS.

Copies of this paper may be found on file
at the office of our Washington correspond-
ent, E. G. Siggers, 318 F Street, N. W.,
Washington, D. C.

It is a great pity that Oom Paul hasn't
a good reliable corps of censors at his
disposal.

Kentucky advises state that Governor
Taylor is again on the south bank of the
Tugela.

Mr. Bynum is still waiting for the sen-
ate to act on his confirmation. The
country will not worry if he keeps on
waiting.

Porto Rico is outside the constitution
but it is inside the Dingley tariff, and the
Dingley tariff is worse than the
Spanish one.

"Joe" Blackburn of Kentucky is now
being abused by the enemies of Governor
Goebel, who cannot forgive him for
doing justice to the good points of that
brave man.

Philadelphia has raised one-fourth of
that \$100,000. Now Mark Hanna, who
has been really hard up, can begin the
campaign work which was deferred for
lack of funds.

The torrent of abuse that is being pour-
ed out on Senator Pettigrew's devoted
head is due to his insistence in dragging
to the light things that the administra-
tion wishes to keep hidden.

The antiquated constitution will look
like thirty cents when the republican
leaders get through with it. But then,
as General Merritt declared, we have
outgrown the constitution.

If congress will not give Porto Rico
free trade with this country, it should at
least give it free necessities of life. It
is all right to make a president, perhaps,
but it seems hard to strangle women and
children in order to do so.

The fact that Queen Victoria has
found it necessary to call on all of her
old soldiers for defense, shows that there
is something behind the scenes. Any-
thing of the sort is necessary if the Boers
only are to be considered.

Porto Rican merchant announces that
the island is worse off now than under
Spanish rule. There is no reason to
doubt their statements. The annexa-
tion has cut off the few resources that
the island had under Spanish rule and
has given nothing in return.

William of Germany is having much
trouble in getting his navy increased.
Why doesn't he follow up his declara-
tion that 99 years make a century by
announcing that his present navy is
twice as big as it seems to be. This would
settle the question with satisfaction to all.

The imagination shrinks from conceiv-
ing what the administration argues
would say of Senator Chandler, if he
hailed from one of the western states in-
stead of from New Hampshire. An-
archist and traitor would be the mildest
epithets that they could apply to him.

Possibly there are many republicans
who are opposed to trusts. But the
party as a whole sits supine and lets
them work their will on the country,
without even making an effort to curb
their destructive powers. If the party is
wise, it will try to do something before
the next election.

The esteemed New York Tribune ex-
ults over the progress of the administra-
tion in framing a reciprocity treaty with
Spain. Considering that the republi-
cans in congress have throttled one re-
ciprocity treaty and show no inclination
to adopt any of the others already nego-
tiated, the Tribune's rejoicing seems pre-
mature.

The administration cannot pride itself
on its management of the colonies. It
has made a mess in the Philippines,
where bloody and unnecessary war is
still raging. It has made a mess in
Porto Rico, where the people are starv-
ing and commercial slavery is offered
them as a substitute for their present de-
structive tariff. It has made a mess in
Hawaii, where the people find them-
selves deprived of power to appropriate
money to fight a devastating plague.

Molyneux's conviction cost New York
\$200,000 and now it is claimed that he
ought to be tried over again on account
of technical errors which did not affect
the result one way or the other. The
secret prisoner is the most feindish and
cowardly of all murderers and the most
difficult to convict. Molyneux's trial
was fair and he should be executed.

Senator Gorman has declared himself
as standing for the nominee of the de-
mocratic party. He does not profess to be
in favor of Bryan but he will stand for
him if nominated. So other men who
held aloof or were cold in 1896, can now
afford to return to the old mother party
and aid to save the country from the
consequences of republican misrule.

John Will Taubee's Candidacy.
From THE HERALD Feb. 22.]

With this issue appears the an-
nouncement of John Will Taubee,
who again aspires to the nomina-
tion of county superintendent of
schools for Wolfe county. Mr.
Taubee, by reason of years and
years of experience as teacher in
this and in Breathitt county is
thoroughly competent to fill—and
fill with all the ability any one
could—the position he seeks. He
also holds a state certificate, hav-
ing received it at the same time
that Miss Julia Kash and Oen-
wain's renowned sister, respectively.

He is a thorough scholar, a sober,
upright, earnest educator and a
good citizen in all that the term
implies. He is indeed wrapped up
in the education of the masses, and
no person in the county has the
matter more nearly at heart than
he. Two years since Mr. Taubee
received the democratic nomination
for superintendent of schools
for this county, and, although he
made a gallant fight from begin-
ning to end, he was the victim of
circumstances over which he had
no control and was defeated by a
small majority. For this reason
as much as anything else he is now
anxious to again make the race—
and win it. He believes he was
badly treated in the last county
election, and there are many others
who agree with him, and he wishes
to vindicate himself in the coming
race. "He was trampled off" in such a
way that he has no of his friends
could foresee or forestall, and
hoping things will be different in
the coming race he asks the demo-
cratic party to stand by him as
faithfully as he has stood by it,
and says that if it will do so he
will be satisfied with the result, be
it what it may. Should he receive
the nomination and election the
office will have fallen into worthy
hands and Wolfe county can point
with pride to a superintendent who
is heart and soul in the work of
educating the young of our beloved
land. He asks nothing, wants
nothing, seeks nothing except at
the hands of the democrats of the
county, in whom he has an abid-
ing faith, and with them we leave
him.

Thank Heaven, the financial
bill has passed the Senate and is
out of the way at last.

1,000,000 DEATHS! FROM CHOLERA DURING THE PAST YEAR.

The Germs of this Fatal Disease are
Lurking Everywhere! Thousands
of Dollars Saved by This
Wonderful Discovery.

Hundreds of thousands of dollars has
been lost in the poultry business on ac-
count of the devastation among the flocks
caused by cholera, croup, gape and other
fatal diseases. There have been many
remedies advanced, but none seem to be
so successful as the American Poultry
Mixture. This will cure chickens in the
last stage of cholera and roup, and is ex-
cellent for gapes. Do your fowls suffer
from violent diarrhea, dropping of the
wings, stuper or excessive thirst? These
are the first symptoms of cholera. Cholera
is a germ disease and being infectious
spreads rapidly through the entire flock.
Take time by the forelock; don't stop to
experiment with unreliable or untried
remedies. Use this mixture at once and
the sanitary measures they recommend in
connection. Don't give the fowls up.
Cholera is a terrible disease but this rem-
edy cures it every time. It is also guar-
anteed for roup, which can be told by
hoarse breathing, swelled eyes, discharge
at the nostrils, resembling catarrh. Fifty
dollars is offered for any case the Mix-
ture will not cure. If some of your fowls
are diseased it will prevent the rest from
catching it. Try it. It is cheap, reliable
and effective; a scientific preparation,
good more than three times as far as any
other remedy; does more good than all
of them combined. It is used and en-
dorsed by the most experienced and
largest buyers of plain and fancy poultry
in all parts of the world. The manu-
facturers guarantee every package or re-
fund purchase money. If your druggist
don't sell American Poultry Mixture, he's
behind the age. In that case send \$1.00
for sample box to American Mfg. Co.,
Terre Haute, Ind.

Otto Mergenthaler, who invented the
wonderful Linotype that made a dozen
men millionaires, died in poverty in Bal-
timore recently. Just before he died he
had perfected a basket making machine
that will make 4,000 baskets a day with
one girl for attending, while before it
took a skilled man to make 300 a day.
That will make some more millionaires.
You see the rich people are rich because
they have genius! We reward our in-
ventors with poverty, our drones and
swindlers with riches. Would it not be
better to have inventions free to all and
reward genius with public pensions and
honors? Why should society give mil-
lions to people who never did anything
for society? Better still would be so-
cialism that means the direct public em-
ployment of all, and every machine in-
vented would lessen the hours of labor
of all without decreasing the pay.

ELSEWHERE in this issue appears the announcement of T. F. Stamper for the office of sheriff of Wolfe county. Mr. Stamper is a democrat from principle and as true to his party and its interests as the needle to the pole. He has been deputy sheriff and jailor of this county, and in these capacities he has proven conclusively that he possesses all the requisite qualifications of an exemplary and ideal public official; necessary education, honesty of purpose and the courage of his convictions. His official acts have always been free from the undue bias of friendship and the selfish ends of personal rewards and benefits, always doing his duty under the law without fear or favor, but in that manly and quiet way which command the respect and approval of all

law-abiding and right thinking people. True in friendship, but strict in his compliance with the law. He was never known to be false to a friend or recreant to a trust. He is deservedly very popular with the democrats of Wolfe county, as his races in the past show beyond question, and if nominated and elected to this office, he will make an official of whom the people may well feel proud. His official conduct in the past, attested by the many with whom he had to do while thus acting, makes him a formidable opponent and furnishes his greatest recommendation for the place he now seeks.

AN APPEAL

To the Good People of Wolfe County—Greeting:

For fifteen years I have labored patiently and uncomplainingly to build up the best county paper in the state—and, not without success, so far as the paper itself is concerned, if the best judges of such matters in the state are to be believed—for they have pronounced it as the best in the state, taking into account all the circumstances. But I brought about this result by working night and day to accomplish it. Very many do not nor ever have taken the paper. This is wrong! I do not say it because I am peculiarly interested but because it is the duty of every good citizen in every county and every state to subscribe for his county paper and know what is going on among his neighbors. THE HERALD records all the important events in the county; it notes your marriage; tells of the birth of your children; records the demise of your dear departed ones and speaks words of loving sympathy to your surcharged soul. In the hour of your affliction it is like a good samaritan pouring oil upon your wound. It is always on the moral side of any question that affects our people or the people of the mountains. It is true it is democratic in principle, but it denies no man the right to his own political opinions or religious creeds, taking the broad ground that others have the same inalienable right as the editor or any other man. I might fill this and more columns with what it has done in the past, but suffice for the present to state that since it was established Hazel Green and Wolfe county through it have become as well known as any town in Kentucky of whatever size. Now, dear reader, review all that I have said and come in and give THE HERALD your moral and material support. I am deeply involved in debt and I want to pay every dime before I die. I have been a faithful servant and as true to the mountains as any man born in your midst, and I do think you should give me the aid I ask, especially when with every issue of the paper you get value received. Ask yourselves, fellow-citizens, if you can not consistently give me your support and help me pay the debts which I honestly owe? I don't want to die and have said of me, "I wish he had paid me that little he was owing me before his departure." With the patronage of each male citizen of Wolfe county who has attained the age of 21 years, for only \$1.00 I could pay all that I owe and at the same time guarantee to give the people of Wolfe a paper that any county in Kentucky, or elsewhere, would be glad to possess. Now \$1.00 is but a trifle to any citizen, but in the aggregate the sum realized from their allied aid would extricate me from debt and enable me to give the people a paper of which every one would be proud. "Why, Mr.

Cooper," said an old newspaper man in the interior, "had you done the same amount of work on a paper in any other town in Kentucky you would have been independent." Others, many others, have said the same, but I adopted Wolfe county as my home—came here to live and die a mountain man, and here I will abide. I love the people of the mountains and have always defended them. Now, dear people, give me your support materially and morally and watch me and see with what a grateful heart I receive it. I will give you a just return for every dollar you spend with me by giving you a paper second to none in the state. Again asking your support, I subscribe myself sincerely and truly yours,
SPENCER COOPER.

THE democratic national convention will meet in Kansas City, Mo., on the 4th of July, which seems to augur well for the success of the party. A little over two hundred years ago a band of patriots who had borne the yoke of a tyrannical government, met and declared that they would suffer no longer. Today the concentrated capital and the trusts, fostered by the republican party, warn the people that if they would not be slaves in the near future—slaves to the plutocracy of our country—something must be done. To that end it is hoped that wise counsel will prevail, a platform covering the needs of the people be promulgated, and the best, the brainiest men in the party put forth for president and vice-president. By proper and prompt action, the 4th of July, 1900, may bear fruit even as the 4th of July, 1776. So mote it be.

Three bunches of cattle passed through town Wednesday, en route for the Mt. Sterling market.

John M. Rose took up 2500 ties on Stillwater on Monday last. He is agent for Green Garrett, of Bowen.

Misses Etta and Carrie Swango, of Sanfield, were the pleasant guests of Mrs. Ellen Kash on Tuesday last.

Mrs. Alice Pieratt and children were pleasant visitors at Mrs. Harmon Swango's on Sunday afternoon.

Mrs. Edward Cecil, of Consolation, was a pleasant caller at Mrs. Alice Pieratt's on Tuesday last.

Revs. Pike and Kelly McClure began a meeting at Daysboro, Monday night, which is still in progress.

There was a candy pulling at Dr. Taulbee's on Monday night which was attended by a few of our young people.

Courtney McGuire, of Clay City, paid Hazel Green a flying business visit on Tuesday, returning home Wednesday.

Mrs. Eliza Kash and daughter Maggie, left for Jackson on Monday to be the guests of Mrs. Floyd Day and Mrs. Frank Kash.

Mrs. F. N. Day's new building has already been commenced. When finished it will be a handsome structure for a millinery store.

HOOD'S Sarsaparilla is the One True Blood Purifier, Great Nerve Tonic, Stomach Regulator. To thousands its great merit is known.

Misses Nannie Bayes and Eva Hollen were pleasant guests of Misses Etta and Carrie Swango on Friday and Saturday at Sanfield. The hours were spent in rabbit hunting, croquet and attending church.

John H. Rose, of the firm of Rose & Davis, has invented a bolt cutter, and thinks he will have it patented. But he will first give it a practical test in his own shop to see if it is an absolute success. John is a genius.

Just before leaving John Linden sold a farm in Morzan, within 21 miles of the Kentucky & Ohio railroad, to his brother Logan. The consideration being \$100. The farm contains 150 acres of land nearly all of which is absolutely a virgin forest. Recently one walnut tree cut from the place produced nearly 1000 feet of lumber.

Lost Everything By Fire.

Ben Murphy, who lives on the Murphy fork of Grassy creek, this county, had the misfortune on Thursday morning last to lose his house and his household effects by fire. Mr. Murphy was away from home at the time, and his wife was out in the yard when the flames were first discovered, and there was no one near by to extinguish the fire. When the fire broke out in the building was the little 10 month's old child. Mr. Murphy returned home just in the nick of time to save his baby from the fury of the flames, and succeeded in getting out one bed, and a few other minor articles. There was no insurance upon either the house or its contents which are of course a total loss, and the amount is estimated at \$500 in round numbers. Mr. Murphy is comparatively a poor man and his loss is quite a serious one. But we understand that his neighbors have voluntarily contributed to a fund to put him on his feet again, and that he will at once rebuild upon the site of the recent conflagration. Some of his neighbors will give bed clothing, some one thing and some another of household utility, and yet others will contribute a little cash, so that upon the whole he will soon be about as well off as he was before the fire. He is at present making his home with his father, who lives only about 200 yards distant, where he will continue until his new residence is completed.

Gone to His Western Home.

John Linden, who was born and raised in this county, but left here about 8 years since and located in Oklahoma territory, has been visiting relatives and friends here for the past five months. He left for his territorial home on Monday, after a pleasant visit with relatives and old school chums, and will go back to his western home with new energy. Mr. Linden married a Huguenot in Guthrie, Oklahoma, 8 years ago last November, and has two interesting children, a boy and girl, and with his French frow is happily located on a farm a mile or so from Morrison, and his home is typical the taste of a refined lady and old Kentucky farm experience. The farm is well stocked and filled with machinery of the latest model. This year he has 70 acres of wheat with a good acreage of castor beans, cotton, corn, broom corn, etc. John says the hills of old Kentucky and the people are very dear to him. But that after living in the west and imbibing the energy that seems to permeate the air, the methods of "ye old Kentucky home" are too slow for active life. Hence, he thinks, his days will be spent in following the advice of that old sage, Horace Greeley, and will grow up with the west, which he thinks presents a wonderful future in perspective.

Gives Her Daughter a Dinner.

An excellent dinner was given on Sunday at the residence of Mrs. Harmon Swango, of Swango Spring, the occasion being the return of their daughter, Miss Mollie, who has been visiting relatives in Virginia for the past three months. The table was luxuriously spread, and presented a very pretty picture for the eye to contemplate, while the viands thereon tickled the tastes of those who participated, rendering it both "a thing of beauty and a joy forever"—or, at any rate, until a similar occasion arises. Among those who partook of the feast were Uncle Harry Swango and wife, Misses Ada and Nannie Cecil, Mrs. Alice Pieratt and Mr. Cratt. It was an afternoon beautifully spent at the springs, and will be pleasantly remembered by all present.

An Appreciated Present.

One of the most acceptable and most appreciated presents the editor of this paper has received in a long time was on Friday last by Miss Mollie Oney, the polite little daughter of Mrs. Margaret Oney. That good lady hearing of our illness, and the fact that the Dr. barred us from eating hog meat or anything of a gross nature, and knowing how hard it is for us townspeople to obtain the delicacies of the country, dressed and sent us a very fine fat chicken. To say that we are grateful for the gift under the circumstances, and that our better heartily joins us in our thanks does not do justice to the occasion. But we do most sincerely thank her for her generous gift and hope that some time we may be able to reciprocate in kind.

Donated Liberally.

Bony Graham, of Gillmore creek, put his house and lot, recently purchased of Frank Murphy into the donation towards retaining Hazel Green academy for our town at what it cost him, and of the sum gave \$100 which, considering his circumstances, was quite commendable. Many of the farmers hereabouts reap more revenue from the academy than does Mr. Graham, and they should at least be as generous. If they should prove so there can hardly be a doubt but the academy will remain here, and let us hope for this consummation so devoutly to be wished, even though we should be disappointed in our desire.

Candy Pulling.

On last Thursday evening the following named young men and ladies were entertained at the residence of Mrs. Ellen Kash: Prof. McDermott, of the academy; Carl Mize, Curtis Rose, Sam Nickell and Willie Kash, Misses Cross, music teacher of the academy; Maggie Kash, Carrie Rose, Ava and Ora Swango, Annie Wheeler and Mollie Haney. The fun of the evening consisted in pulling candy, together with choice selections on the piano, exquisitely rendered with beautiful effect by Miss Cross and Miss Carrie Rose, thus closed the delightful evening's entertainment which Miss Ella Kash had tendered to her friends.

Sherman Cope Insane in Arkansas.

We clip the following from the Arkansas Gazette of March 10: "Sherman Cope is at Hot Springs, who has just resigned as sheriff of Breathitt county, Ky., was found violently insane on Central avenue here today and was taken to police headquarters. It was necessary to place him in a cell while efforts were being made to communicate with his friends in Kentucky. He is laboring under the impression that someone is trying to kill him and kept saying: 'Oh, don't shoot me down like poor Goebel. Give me forty yards start for my life.' It is said that Cope, who is one of the most prominent democrats in his part of Kentucky, has gone insane over the political feud in the bluegrass state."

Will Remove to Richmond, Va.

Robt. J. McLin, who has been in Louisville and Cincinnati for the past two or three weeks, returned home Saturday. While in Cincinnati he met Fred Kellam, erstwhile a grocery drummer in our section, but for the past two years the manager of a cancer and surgical hospital at Hinton, W. Va., which he founded. Mr. Kellam informed him that his business having outgrown Hinton, he is just now arranging to remove the hospital to Richmond, Va., where he will have increased facilities.

Farm Journal is the leading farm paper of the country. Its editor was raised at the plow handles, and knows what he is talking about. We have an arrangement with the Farm Journal by which we can send it for nearly five years, the remainder of 1900, and all of 1901, 1902, 1903 and 1904, to all who subscribe for THE HERALD; both papers at the price of ours only.

Frank Cecil, of Grassy, was in town Tuesday, and said that he was in West Liberty on Monday, where he learned that Chap Swango was quite ill with something like fever. Mr. Cecil, who has been quite sick with the fever himself for a month or so, is so far improved as to be able to be about again.

Jeff Brewer, of Gillmore creek, was here on Tuesday to have Dr. Taulbee remove a polypus from the nose of his boy. But the doctor was not here, and as one physician could not successfully handle the case, Dr. Nickell would not undertake it without Taulbee was present.

Biggle Swine Book is just as valuable for a man with one hog in a little sty as for man with a hundred hogs feeding on the sheltered side of a barbed wire fence. Its chapter on "Cholera" is also worth ten times what the book costs. You ought to have it. THE HERALD says so. The price is 50 cents, free by mail; address the publishers, Wilmer Atkinson Co., Philadelphia.

The Sales of Hood's Sarsaparilla are the largest in the world because the cures by Hood's Sarsaparilla are wonderful, perfect, permanent.

Hood's Pills are the best family cathartic and liver medicine. 25c.

Farmers and land owners along the line of the Ohio and Kentucky railway, i. e., the road now under construction between Elkatawa, in Breathitt, and Walnut Grove, in Morgan county, should read the ad. "To whom it may concern," to be found in our paper today. It might save them both litigation and lucre.

In a difficulty at Lee City on Sunday night Woodson Little hit Mat Sloan in the head with a single-tree and cracked his skull so badly that doubts of his recovery are entertained. The particulars leading to the trouble have not yet been learned, but it was over a game of cards.

Read the ad. "Notice," which Judge Center has in our paper today advertising the keep of the paupers for ensuing year. They will be let to the lowest bidder on Tuesday, April 3.

The topics for sermons at the Christian church on Sunday are: "The Man for the Times," at 11 o'clock a. m., and "Sanctification" at 7:15 p. m. Every body is cordially invited to attend each service.

Miss Minnie Wallis, of Grassy, visited Miss Lillian Evans from Monday morning until Tuesday morning, and chaperoned by her hostess paid THE HERALD office a pleasant visit Monday afternoon.

Misses Cornie Bias, Anna Bell and Hannah Blankenship, three charming young ladies of the Consolation neighborhood, paid THE HERALD office a pleasant visit on Monday.

Now is your chance to get cheap reading. THE HERALD, Courier-Journal and Farm Journal for the small sum of one dollar per year.

John H. Rose on Wednesday moved from the J. T. Pieratt property into the Craven property, recently vacated by Dr. Silas Kash and wife.

Mrs. W. T. Caskey has the thanks of the editor and his better for a mess of red beets.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers; they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail.

EDITORIAL BRIEFS.

Copies of this paper may be found on file

ent, E. G. Siggers, 315 F Street, N. W.,
Washington, D. C.

It is a great pity that Oom Paul hasn't
a good reliable corps of censors at his
disposal.

Kentucky advises state that Governor
Taylor is again on the south bank of the
Tugela.

Mr. Bynum is still waiting for the sen-
ate to act on his confirmation. The
country will not worry if he keeps on
waiting.

Porto Rico is outside the constitution
but it is inside the Dingley tariff, and the
Dingley tariff is worse than the
Spanish one.

"Joe" Blackburn of Kentucky is now
being abused by the enemies of Governor
Goebel, who cannot forgive him for
doing justice to the good points of that
brave man.

Philadelphia has raised one-fourth of
that \$100,000. Now Mark Hanna, who
has been really hard up, can begin the
campaign work which was deferred for
lack of funds.

The torrent of abuse that is being pour-
ed out on Senator Pettigrew's devoted
head is due to his insistence in dragging
to the light things that the administra-
tion wishes to keep hidden.

The antiquated constitution will look
like thirty cents when the republican
leaders get through with it. But then,
as General Merritt declared, we have
outgrown the constitution.

If congress will not give Porto Rico
free trade with this country, it should at
least give it free necessities of life. It
is all right to make a president, perhaps,
but it seems hard to strangle women and
children in order to do so.

The fact that Queen Victoria has
found it necessary to call on all of her
old soldiers for defense, shows that there
is something behind the scenes. Noth-
ing of the sort is necessary if the Boers
only are to be considered.

Porto Rican merchant announces that
the island is worse off now than under
Spanish rule. There is no reason to
doubt their statements. The annexa-
tion has cut off the few resources that
the island had under Spanish rule and
has given nothing in return.

William of Germany is having much
trouble in getting his navy increased.
Why doesn't he follow up his declara-
tion that 99 years make a century by
announcing that his present navy is
twice as big as it seems to be. This would
settle the question with satisfaction to all.

The imagination shrinks from conceiv-
ing what the administration argues
would say of Senator Chandler, if he
hailed from one of the western states in-
stead of from New Hampshire. An-
archist and traitor would be the mildest
epithets that they could apply to him.

Possibly there are many republicans
who are opposed to trusts. But the
party as a whole sits supine and lets
them work their will on the country,
without even making an effort to curb
their destructive powers. If the party is
wise, it will try to do something before
the next election.

The esteemed New York Tribune ex-
ults over the progress of the administra-
tion in framing a reciprocity treaty with
Spain. Considering that the republi-
cans in congress have throttled one re-
ciprocify treaty and show no inclination
to adopt any of the others already nego-
tiated, the Tribune's rejoicing seems pre-
mature.

The administration cannot pride itself
on its management of the colonies. It
has made a mess in the Philippines,
where bloody and unnecessary war is
still raging. It has made a mess in
Porto Rico, where the people are starv-
ing and commercial slavery is offered
them as a substitute for their present de-
structive tariff. It has made a mess in
Hawaii, where the people find them-
selves deprived of power to appropriate
money to fight a devastating plague.

Molyneux's conviction cost New York
\$200,000 and now it is claimed that he
ought to be tried over again on account
of technical errors which did not affect
the result one way or the other. The
secret prisoner is the most feindish and
cowardly of all murderers and the most
difficult to convict. Molyneux's trial
was fair and he should be executed.

Senator Gorman has declared himself
as standing for the nominee of the de-
mocratic party. He does not profess to be
in favor of Bryan but he will stand for
him if nominated. So other men who
held aloof or were cold in 1896, can now
afford to return to the old mother party
and aid to save the country from the
consequences of republican misrule.

John Will Taubee's Candidacy.
From THE HERALD Feb. 22.]

With this issue appears the an-
nouncement of John Will Taubee,
who again aspires to the nomina-
tion of county superintendent of
schools for Wolfe county. Mr.
Taubee, by reason of years and
years of experience as teacher in
this and in Breathitt county is
thoroughly competent to fill—and
fill with all the ability any one
could—the position he seeks. He
also holds a state certificate, hav-
ing received it at the same time
that Miss Julia Kash and Oen-
wain's renowned sister received theirs.
He is a thorough scholar, a sober,
upright, earnest educator and a
good citizen in all that the term
implies. He is indeed wrapped up
in the education of the masses, and
no person in the county has the
matter more nearly at heart than
he. Two years since Mr. Taubee
received the democratic nomination
for superintendent of schools
for this county, and, although he
made a gallant fight from begin-
ning to end, he was the victim of
circumstances over which he had
no control and was defeated by a
small majority. For this reason
as much as anything else he is now
anxious to again make the race—
and win it. He believes he was
badly treated in the last county
election, and there are many others
who agree with him, and he wishes
to vindicate himself in the coming
race. "He was tripped off" in such a
way that he has any of his friends
could foresee or forestall, and
hoping things will be different in
the coming race he asks the demo-
cratic party to stand by him as
faithfully as he has stood by it,
and says that if it will do so he
will be satisfied with the result, be
it what it may. Should he receive
the nomination and election the
office will have fallen into worthy
hands and Wolfe county can point
with pride to a superintendent who
is heart and soul in the work of
educating the young of our beloved
land. He asks nothing, wants
nothing, seeks nothing except at
the hands of the democrats of the
county, in whom he has an abid-
ing faith, and with them we leave
him.

Thank Heaven, the financial
bill has passed the Senate and is
out of the way at last.

1,000,000 DEATHS!

FROM CHOLERA DURING THE PAST YEAR.

The Germs of this Fatal Disease are
Lurking Everywhere! Thousands
of Dollars Saved by This
Wonderful Discovery.

Hundreds of thousands of dollars has
been lost in the poultry business on ac-
count of the devastation among the flocks
caused by cholera, croup, gape and other
fatal diseases. There have been many
remedies advanced, but none seem to be
so successful as the American Poultry
Mixture. This will cure chickens in the
last stage of cholera and roup, and is ex-
cellent for gapes. Do your fowls suffer
from violent diarrhea, dropping of the
wings, stuper or excessive thirst? These
are the first symptoms of cholera. Cholera
is a germ disease and being infectious
spreads rapidly through the entire flock.
Take time by the forelock; don't stop to
experiment with unreliable or untried
remedies. Use this mixture at once and
the sanitary measures they recommend in
connection. Don't give the fowls up.
Cholera is a terrible disease but this rem-
edy cures it every time. It is also guar-
anteed for roup, which can be told by
hoarse breathing, swelled eyes, discharge
at the nostrils, resembling catarrh. Fifty
dollars is offered for any case the Mix-
ture will not cure. If some of your fowls
are diseased it will prevent the rest from
catching it. Try it. It is cheap, reliable
and effective; a scientific preparation,
good more than three times as far as any
other remedy; does more good than all
of them combined. It is used and en-
dorsed by the most experienced and
largest buyers of plain and fancy poultry
in all parts of the world. The manu-
facturers guarantee every package or re-
fund purchase money. If your druggist
don't sell American Poultry Mixture, he's
behind the age. In that case send \$1.00
for sample box to American Mfg. Co.,
Terre Haute, Ind.

Otto Mergenthaler, who invented the
wonderful Linotype that made a dozen
men millionaires, died in poverty in Bal-
timore recently. Just before he died he
had perfected a basket making machine
that will make 4,000 baskets a day with
one girl for attending, while before it
took a skilled man to make 300 a day.
That will make some more millionaires.
You see the rich people are rich because
they have genius! We reward our in-
ventors with poverty, our drones and
swindlers with riches. Would it not be
better to have inventions free to all and
reward genius with public pensions and
honors? Why should society give mil-
lions to people who never did anything
for society? Better still would be so-
cialism that means the direct public em-
ployment of all, and every machine in-
vented would lessen the hours of labor
of all without decreasing the pay.

ELSEWHERE in this issue appears the announcement of T. F. Stamper for the office of sheriff of Wolfe county. Mr. Stamper is a democrat from principle and as true to his party and its interests as the needle to the pole. He has been deputy sheriff and jailor of this county, and in these capacities he has proven conclusively that he possesses all the requisite qualifications of an exemplary and ideal public official; necessary education, honesty of purpose and the courage of his convictions. His official acts have always been free from the undue bias of friendship and the selfish ends of personal rewards and benefits, always doing his duty under the law without fear or favor, but in that manly and quiet way which command the respect and approval of all

law-abiding and right thinking people. True in friendship, but strict in his compliance with the law. He was never known to be false to a friend or recreant to a trust. He is deservedly very popular with the democrats of Wolfe county, as his races in the past show beyond question, and if nominated and elected to this office, he will make an official of whom the people may well feel proud. His official conduct in the past, attested by the many with whom he had to do while thus acting, makes him a formidable opponent and furnishes his greatest recommendation for the place he now seeks.

AN APPEAL

To the Good People of Wolfe County—Greeting:

For fifteen years I have labored patiently and uncomplainingly to build up the best county paper in the state—and, not without success, so far as the paper itself is concerned, if the best judges of such matters in the state are to be believed—for they have pronounced it as the best in the state, taking into account all the circumstances. But I brought about this result by working night and day to accomplish it. Very many do not nor ever have taken the paper. This is wrong! I do not say it because I am peculiarly interested but because it is the duty of every good citizen in every county and every state to subscribe for his county paper and know what is going on among his neighbors. THE HERALD records all the important events in the county; it notes your marriage; tells of the birth of your children; records the demise of your dear departed ones and speaks words of loving sympathy to your surcharged soul. In the hour of your affliction it is like a good samaritan pouring oil upon your wound. It is always on the moral side of any question that affects our people or the people of the mountains. It is true it is democratic in principle, but it denies no man the right to his own political opinions or religious creeds, taking the broad ground that others have the same inalienable right as the editor or any other man. I might fill this and more columns with what it has done in the past, but suffice for the present to state that since it was established Hazel Green and Wolfe county through it have become as well known as any town in Kentucky of whatever size. Now, dear reader, review all that I have said and come in and give THE HERALD your moral and material support. I am deeply involved in debt and I want to pay every dime before I die. I have been a faithful servant and as true to the mountains as any man born in your midst, and I do think you should give me the aid I ask, especially when with every issue of the paper you get value received. Ask yourselves, fellow-citizens, if you can not consistently give me your support and help me pay the debts which I honestly owe? I don't want to die and have said of me, "I wish he had paid me that little he was owing me before his departure." With the patronage of each male citizen of Wolfe county who has attained the age of 21 years, for only \$1.00 I could pay all that I owe and at the same time guarantee to give the people of Wolfe a paper that any county in Kentucky, or elsewhere, would be glad to possess. Now \$1.00 is but a trifle to any citizen, but in the aggregate the sum realized from their allied aid would extricate me from debt and enable me to give the people a paper of which every one would be proud. "Why, Mr.

Cooper," said an old newspaper man in the interior, "had you done the same amount of work on a paper in any other town in Kentucky you would have been independent." Others, many others, have said the same, but I adopted Wolfe county as my home—came here to live and die a mountain man, and here I will abide. I love the people of the mountains and have always defended them. Now, dear people, give me your support materially and morally and watch me and see with what a grateful heart I receive it. I will give you a just return for every dollar you spend with me by giving you a paper second to none in the state. Again asking your support, I subscribe myself sincerely and truly yours,
SPENCER COOPER.

THE democratic national convention will meet in Kansas City, Mo., on the 4th of July, which seems to augur well for the success of the party. A little over two hundred years ago a band of patriots who had borne the yoke of a tyrannical government, met and declared that they would suffer no longer. Today the concentrated capital and the trusts, fostered by the republican party, warn the people that if they would not be slaves in the near future—slaves to the plutocracy of our country—something must be done. To that end it is hoped that wise counsel will prevail, a platform covering the needs of the people be promulgated, and the best, the brainiest men in the party put forth for president and vice-president. By proper and prompt action, the 4th of July, 1900, may bear fruit even as the 4th of July, 1776. So mote it be.
